Hey all,

Attached you will find a series of documents related to the Advisory Group discussion tomorrow (June 15, 2016). These documents will be printed and assembled for you as part of a package. We are looking forward to hearing your feedback and suggestions on the topics outlined in the agenda.

I will be facilitating the meeting tomorrow, as we work on acquiring a facilitator that is based out of Southern California and is familiar with the project area. If you have any questions prior to the meeting, please contact me. Thank you, and see you tomorrow:
